To Whom it May Concern;

SealSource International, LLC has had a long standing relationship with JEB Construction LLC for over 15 years and during this time we have partnered on many successful projects in New York, New Jersey, Connecticut, and surrounding states.

In order to become an independent representative of SealSource we require that you become extensively trained on our products including hands on training, which I was personally involved with in training John Barchella. John has a vast foundation of knowledge and experience with our product line and has been instrumental in driving specifications, education, and application.

JEB has our full support and continues to represent SealSource well.

Please do not hesitate to reach out to me if you have any questions regarding JEB or our products.

Regards,

Kym D. Nelson
President, SealSource International, LLC
